Book 1: The Street Illuminati: El Dragón

Ancient Prophecies and Power (4000 B.C. - 1980 A.D.)

In 4000 B.C., Queen Seriah II of Suma'at receives the mystical Du'a'ta dialect from a divine messenger, a language capable of influencing people through speech. This powerful dialect must be used for the good of all, or a dragon-like figure will bring judgment through violence. Fast forward to 332 B.C., when Alexander the Great, manipulated by the Suma'atan king through Du'a'ta, establishes the Twelve Crowns, a secret society with global influence. Little does the world know, this pivotal moment marks the genesis of the first Illuminati, casting a shadow that cloaks the centuries to come.

In 1935 A.D., Sardon Ra IV, the Supreme Crown (the highest ranking of the Twelve Crowns), faces a conspiracy by European royals led by Adolph Weishaupt, resulting in his mysterious disappearance. Unbeknownst to the European royals, he relocates to Mexico. In 1953, his daughter Sekhmet "Mother" Ra, a powerful psychic, receives a vision about a prophesied child, Isha, to be protected by a dragon-souled man.

Modern-Day Conflicts and Revelation (1969 - 1987 A.D.)

Joaquin "Monsta" Marquez is born in 1969, destined to be the Dragon. Developing a relationship with his alter ego, the Dragon, he faces the Illuminati's schemes to control the rap music industry. In 1987, after his brother Africa, and Africa's girlfriend, Desira, are murdered by the Illuminati, Monsta seeks revenge, fully embracing his role as the Dragon. The Suma'at

Illuminati's leader, Mother Ra, finds Monsta through a series of extraordinary events. Since she was a child, she has anticipated the arrival of the Dragon.

Ultimately, Mother helps Monsta gain revenge against the Illuminati. With Monsta's recognition as the Dragon, future conflicts are set in motion.

Book 2: The Street Illuminati: Genesis of Monsters

Love and Betrayal (2014 - 2021 A.D.)

In 2014, Angel Dominguez, a business prodigy, and Jack “DJ” Johnson, leader of the Las Vegas Kings, plan to transition the Kings into legitimate business ventures. A violent event disrupts their plans and separates them for nearly eight years.

The Illuminati kill DJ's mother on the day he is born. Therefore, he does not know he is the son of Desira and Africa from Book 1. As the prophecy unfolds, DJ becomes a central figure.

By 2021, Angel has become an extremely successful billionaire, while DJ continues to lead the Las Vegas Kings. Eventually, they cross paths again, love reignites, and they decide to finish what they started. Nevertheless, DJ must assist in the Mexican Mafia's conflict with the Aryan Brotherhood before he can leave the game.

Secret Societies and Power Struggles

The book reintroduces Monsta, now in his 40s, and introduces key characters like Isha Ra, the prophesied savior, and the ruthless Olivia Rothschild, daughter of Malcolm Rothschild, the Supreme Crown of the Bavarian Illuminati. In the midst of DJ and Angel's love story, Monsta summons DJ to Arizona following the prison conflict. DJ has never met Monsta, nor knows who he is in relation to his deceased parents.

Rising Tensions and Prophecy

Malcolm Rothschild, the Supreme Crown of the Bavarian Illuminati, and Mother Ra, leader of the Suma’at Illuminati, maneuver their global chess pieces for an impending war.
